The court stated that he did not think the boys meant wrong and he would investigate the case before passing sentence, although it looked like the case of the Englishman who was "looking for work and praying God he would be unable to find it. George Wilson, his face cut and scratched as if from a combat with a wildcat, pleaded guilty to a charge of disturbing the peace and was fined

STRUCK BY LIGHTNING.

Garland, May 29.-While Peter Jensen of Jensen Bros. was engaged in writing some letters in the office of the company last Saturday afternoon, a bolt of lightning entered the building and gave him a shaking up that he won't soon forget. The Bell phone was on the desk at his right hand and the Independent phone on the wall at his left. The lightning passed into the phones and completely burned out the fuse boxes and other parts and thus saved Mr. Jensen from being sud-denly killed. He received a shock that threw him off his chair and rendered him unconscious. When he regained consciousness he was in a very weak-ened condition. Felix Baird and Luther B. Sasser who were piling lumper in the yard also received a shak-

Tall Lofting. Many remarkable but yet properly vouched for feats of skill are recorded of professional golfers. Thus on one occasion when in his prime the late Tom Morris, Sr., undertook to demonstrate his ability in lofting a ball. For this purpose he stood in a quarry underneath the familiar Ballochingle bridge and sent a number of "guttles" in succession up to the footpath at the top, a height of nearly 150 yards. Probably without knowing it in doing so he was emulating an earlier performance of an Edinburgh player who once drove half a dozen over the spire of St. Giles' cathedral from the level of the street.

Raw Milk Unwholesome. Nathan Straus sends a message to American mothers to the effect that caw milk is not good for children, the scientific men of the world having agreed upon the fact. Milk should warned against raw milk, because of the danger from tuberculoris.
